# LLB (Hons)

at **BML Munjal University (BMU)**

A Bachelors in Law and Legislation (Hons), LLB (Hons) in short, is a three-year professional undergraduate degree course recognized by the Bar Council of India and the University Grants Commission. It is a three-year intensive law programme that prepares you for a challenging and highly rewarding career in diverse fields of law.

The LLB (Hons) curriculum comprehensively covers theoretical and practical aspects of foundational as well as contemporary legal fields. The curriculum is law focussed but builds on existing knowledge and interests of students from their non-law undergraduate degrees by offering a wide menu of electives that allow for independent pursuit of interests. At BML Munjal University (BMU), students would especially benefit from an inter-disciplinary environment with a rich range of electives and honours papers infused with collaborative expertise between the Law School, School of Economics & Commerce, School of Management and School of Engineering and Technology.

## Academic Approach

Law has traditionally been perceived as an autonomous discipline having distinctive styles and methods. BMU upends this tradition by promoting dialogue between different streams of knowledge. Expert faculty from School of Management and School of Engineering & Technology regularly engage with students at the School of Law through lectures and open events.
